# Scoring & Prizes

- ◆ Each match consists of one game to 15 points
- ◆ You can score a point on every serve.
- ◆ A team **DOES NOT** have to win by 2 clear points, the first player/team to score 15 points wins
- ◆ Every point won in a match will be added to the Teams cumulative total. So remember....*Every Point Counts!*

## Doubles

- ◆ There is only one serve in doubles. At the beginning of the game and when the server's score is **EVEN**, the server serves from the **RIGHT** court.
- ◆ When the server's score is **ODD**, the server serves from the **LEFT** court.
- ◆ If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.
- ◆ If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.
- ◆ The players **DO NOT** change their respective service courts until they win a point when their side is serving.

Depending on the number of teams entered we will look to offer a 'round robin' or 'pools' format to ensure each team has the opportunity to play as many matches as possible.

## Prizes

There will be an overall prize for the team with the most number of points added up from each match played.
